

A quick, delicious fresh salsa that is made in the blender. This is really good served with tortilla chips, but you can use in all your Mexican cooking.

Ingredients:

- ½ cup fresh cilantro
- ½ medium onion
- 1 teaspoon fresh lime juice
- 6 ripe roma tomatoes, quartered
- 1 jalapeno pepper
- 1 garlic clove
- 1 teaspoon salt, optional
- A few shakes of a taco seasoning mix

Place all ingredients in a blender. Turn the machine on a low speed and increase speed to medium and blend until your desired consistency is achieved. Be careful to not over blend. It could become too liquid if over blended.

Serve with tortilla chips.
