

Pumpkin Spice Coffee Creamer by Lynn's Recipes

A homemade version of a popular coffee creamer found in grocery stores this time of year. Very easy and delicious. From Pinterest.

Ingredients:

- 1 cup whole milk
- 1 cup heavy whipping cream
- 3 tablespoons of pumpkin puree
- 1 teaspoon pumpkin spice blend
- 1 teaspoon ground cinnamon
- 4 Tablespoons Maple Syrup
- 1 teaspoon vanilla extract

Whisk milk, cream, pumpkin, maple syrup, pumpkin spice blend, cinnamon and maple syrup together over medium heat. When steamy, remove from heat and add vanilla. Use a strainer to transfer the creamer into a pitcher. Let cool down and store in refrigerator.
