A no-cook cookie recipe that is super easy and delicious. Great for holidays or any get together.

## Ingredients:

- 12 ounce box vanilla wafers, ground
- 1 box of confectioner's sugar
- 1 stick butter, melted
- 6 oz. can orange juice concentrate

Mix together by hand and roll into balls about the size of a walnut. Roll in shredded coconut and refrigerate until ready to serve.

\*I found it easier to roll the dough into balls after washing my hands when finished mixing the dough.
