[Click on the above picture to watch the video of this tip.](#)

A homemade coffee creamer that has none of the undesirable ingredients that a store bought coffee creamer might contain.

Ingredients:

- 14 ounce can sweetened condensed milk (can use fat free or regular)
- 14 ounces milk (skim, low fat or whole milk)
- 2 teaspoons vanilla extract

A mason jar (quart is the perfect size) to mix

Pour all ingredients into a mason jar. Screw lid on tightly and shake vigorously for a few minutes until well combined. You may need to stir a little to help the condensed milk get all mixed in and then shake.

Store in the refrigerator.
